

LDIC Inc.

LDIC North American Infrastructure Fund

April 30, 2017

Fact Sheet

LDIC North American Infrastructure Fund (DAM500 & DAM510) The investment objective of the Fund is to provide long-term capital appreciation combined with regular income, by investing primarily in equity securities and debt investments relating to infrastructure and related companies based in North America. Infrastructure assets are broadly defined as the basic facilities, services, and installations needed for the functioning of a community or society. The infrastructure sector includes, but is not limited to, investment in the following areas: transportation, distribution, storage, industrials & services. Such as companies who own: electric & gas utilities, port facilities, pipelines, mid-streams, airports, toll roads, rail, water & water utilities, engineering services, renewables & mobile towers & facilities. The Fund is suitable for investors who have a medium to high risk tolerance and have a medium to long-term investing horizon.
